## Ike's Budget Slashes Five Billions; Asks Defense Boost

By FRANK O'BRIEN  
WASHINGTON, D.C.—President Eisenhower laid a \$5.2-billion-dollar budget before Congress today, slashing \$4 billion dollars from total spending but proposing record outlays for atomic energy, continental defense and overseas military aid.

Despite a 7½ per cent cut under estimated spending this year—also lowered—Eisenhower told Congress the government will wind up the 1955 fiscal year nearly three billion dollars in the red. Fiscal 1955 starts July 1.

Although he proposed a broad program of tax law changes, he told Congress no further general tax cuts are justified at present.

His message said the budget was based on a "new concept" of security planning which places reliance on "the full exploitation of modern air power" and on "new weapons" to justify manpower and dollar defense cuts.

### Atomic Energy Fund

He proposed spending \$2,425,000,000 next year for atomic energy. This increase of 225 millions over this year would bring atomic spending to "the highest point in our history," he said. He also said that since most atomic energy plant construction is complete, spending now would concentrate on "operations."

He set no figure for continental defense, but said outlays would be "greater than ever before in our history" to provide early warning and reaction to attack.

Military aid would rise by 75 million dollars, he said, to a new peak of \$4,275,000,000 for round-the-world assistance to friendly nations.

The President told Congress "there will be no way of operating within the present debt limit" of 275 billion dollars in the last six months of this year. Therefore, he said, he was renewing his request stymied in the Senate last summer for a higher ceiling.

### Asks Borrowing Boost

Secretary of the Treasury Humphrey told newsmen the administration would again ask for 290 billion dollars borrowing authority, a boost of 15 billions.

Both Humphrey and Budget Director Joseph M. Dodge, who met newsmen separately in briefing sessions, refused to forecast when the budget might be balanced. Both said efforts to bring outgo down to the level of income would not be relaxed.

This budget was the first one prepared by a national Republican administration in 21 years. All the recommendations, of course, are subject to approval by Congress.

There is considerable election year sentiment there to reduce taxes further, a step which would swell the deficit unless corresponding cuts were made in spending.

### Huge Tax Relief

The President said his tax program would result in about 600 million dollars tax relief each for individuals and for businesses, in addition to the changes that took effect Jan. 1: a 10 per cent cut in personal tax rates and abolition of the excess profits tax on corporations.

In the message of about 40,000 words, Eisenhower also:

1. Recommended a 25-point tax revision program, calling upon Congress to shift the annual personal income tax deadline from March 15 to April 15; liberalize deductions for family medical costs; allow limited deductions for child care; give farmers a deduction for soil conservation; extend corporation income and excise tax rates rather than permit them to decline April 1 to pre-Korea levels; and enact a series of revisions aimed at lightening and adjusting the tax load on business.

### Highest National Debt

2. Renewed his plea, stymied in the Senate after the House okayed it last year, for a higher legal limit on the national debt. While he used no figure today, his previous request for a boost from the present 275 billion dollars to 290 billions. The debt is now about 274½ billions.

3. Revised downward budget estimates for the current fiscal year which ends next June 30. Here is the comparison between Eisenhower's estimates for the current year made last August and now, the August figure first in each instance:

Income \$68,300,000

Outgo \$67,628,000,000

Deficit \$7,116,000,000

\$9,062,000,000

Year-end debt \$3,811,000,000

\$2,747,000,000

271,100,000,000

269,750,000,000

Eisenhower thus trimmed nearly 1½ billion dollars from his previous spending prediction for this year, and despite a drop of 677 million dollars in expected revenue came up with a fiscal 1954 deficit \$67 million dollars lower than he estimated six months ago.

## ARMED FORCES TRUCK SMASHED IN CRASH IN FOG

An armed forces truck was nearly demolished in one of the three accidents on Adams County highways Wednesday.

Damage to the truck was estimated at \$2,000 by state police who said Robert J. Bailey, 22, of Headquarters Battery 75th AAA Command, Andrews Air Force Base, Washington, D. C., was driving north on the Gettysburg Rd., two miles north of Littlestown, when he attempted to pass another vehicle.

The accident occurred at 9:40 o'clock Wednesday morning.

Another Crash In Fog

Damage totalled \$425 when a car and a truck collided in the fog five miles east of here on the Lincoln Highway at 2:30 o'clock Wednesday afternoon.

Police said Mabel I. Ford, 31, Gettysburg R. 4, had halted her sedan preparatory to making a left hand turn into the Hertshurst

Rd., when David Swisher, 36, Gettysburg E. 2, driving a Citizens Oil truck, came upon the car in the fog, swerved to the right, and the side of the truck struck the rear of the auto. Damage to the car was \$350, to the truck, \$75.

Cars operated by George W. Dus- tan, 75, New Oxford R. 2 and H. J. Pohlman, 30, Hanover R. 4, side-swiped at 1:50 o'clock Wednesday afternoon 2½ miles south of New Oxford on the Bonneauville Rd.

Dustan was headed north and Pohlman south when the front fender of the one car struck the rear fender of the other. Damage was \$10 to each car.

Asks Borrowing Boost

Secretary of the Treasury Humphrey told newsmen the administration would again ask for 250 billion dollars borrowing authority, a boost of 15 billions.

Both Humphrey and Budget Director Joseph M. Dodge, who met newsmen separately in briefing sessions, refused to forecast when the budget might be balanced. Both said efforts to bring outgo down to the level of income would not be relaxed.

This budget was the first one prepared by a national Republican administration in 21 years. All the recommendations, of course, are subject to approval by Congress.

There is considerable election year sentiment there to reduce taxes further, a step which would swell the deficit unless corresponding cuts were made in spending.

In the message of about 40,000 words, Eisenhower also:

1. Recommended a 25-point tax revision program, calling upon congress to shift the annual personal income tax deadline from March 15 to April 15; liberalize deductions for family medical costs; allow limited deductions for child care; give farmers a deduction for soil conservation; extend corporation income and excise tax rates rather than permit them to decline April 1 to pre-Korea levels; and enact a series of revisions aimed at lightening and adjusting the tax load on business.

Higher National Debt

2. Renewed his plea, stymied in the Senate after the issue was last year, for higher legal limit on the national debt. While he used no figure today, his previous request for a boost from the present 275 billion dollars to 290 billions. The debt is now about 27½ billions.

3. Revised downward budget estimates for the current fiscal year which ends next June 30. Here is the comparison between Eisenhower's estimates for the current year made last August and now, the August figure first in each instance:

Outgo \$67,628,000,000  
Deficit 72,116,000,000  
Year-end debt 70,902,000,000

Eisenhower thus trimmed nearly 1¼ billion dollars from his previous spending prediction for this year, and despite a drop of 677 million dollars in expected revenue came up with a fiscal 1954 deficit \$37 million dollars lower than he estimated six months ago.

"First we will have to tell the prisoners that their owners refuse to take them back," said Lt. Gen. K. S. Thimayya. "Then we will open the gate and we will tell our men to go back to their line."

The Indian chairman of the Neutral Nations Repatriation Commission conceded that if the prisoners refuse to leave their com-

Thimayya told a news confer-

In Washington, the Defense De-

## Atomic Sub Launched Today

The USS Nautilus, first atomic-powered submarine, stretches along the ways in the General Dynamics Corp. shipyard at Groton, Conn., Wednesday in readiness for formal launching today. Mrs. Mamie Eisenhower christened the sub from the platform (upper right) at the bow. Workmen are shown finishing the slide on which the Nautilus today glided into the Thames River, left background.

## Mrs. Eisenhower Christens First Atomic-Powered Sub

GROTON, Conn. (P)—The atomic submarine Nautilus was launched successfully today at 10:57 a.m. (EST) with Mrs. Dwight D. Eisenhower christening the world's first nuclear-engined submersible.

A fog had lifted and the sun shone brightly as the sleek vessel slid down the ways into the Thames River.

AEC Chairman Lewis L. Strauss said during the launching ceremony the craft symbolized both the "atomic thunderbolts" of defense and of a peaceful boon of nuclear power.

And the Navy's top commander, Adm. Robert B. Carney, saw the historic occasion as an unfolding of "new vistas of American sea power."

The two men expressed themselves in addresses prepared for delivery a few minutes before Mrs. Dwight D. Eisenhower was called upon to perform the traditional naming ceremony.

## JOHN RICE NOT APPROACHED ON GOVERNORSHIP

"I have not been approached by any Pennsylvania leaders relative to the Democratic nomination for governor and I have not instigated any of the newspaper stories that have been published in recent weeks," was the extent of the comment John S. Rice, West Broadway, made to a reporter for The Gettysburg Times this morning.

When asked if he would consider or accept the nomination, Mr. Rice said he had no comment. When asked what he thought of the Democratic chances to elect a governor in November, Mr. Rice said:

"I firmly believe that the best possible candidate should be nominated and good candidate has an excellent chance to be elected."

Mentioned Again

PHILADELPHIA (P)—John S. Rice, unsuccessful Democratic candidate for governor in 1946, has been mentioned as a possible Democratic standard bearer in this year's race.

But the Gettysburg manufacturer, declining to comment on whether he would consider the nomination, said yesterday he has not been asked.

The name of Philadelphia Commissioner Pleas Judge Curtis Bok also has been mentioned, but Judge Bok said he wasn't interested now in seeking the nomination. The jurist acknowledged he had been approached.

Olive Branch Of Peace

"It typifies the spirit of America at the time of its founding, and the spirit of America in this 11th year of the atomic age. We are strong with the strength of atomic thunderbolts to resist aggression and to forestall tyranny while at the same time we extend the olive branch of a worthy peace."

He recalled this was not the first time that weapons had become the tools for peace, noting that gunpowder now is used far more in farming, mining and engineering than in war.

Carney said the Nautilus marked

the beginning of a new chapter in the history of sea power, and he said:

"Patently, this sleek ship, with her wonderful new propulsion plant, is symbolic of American understanding of the importance of sea power, and American ingenuity in inventing new tools for the exercise of sea power. . . .

The admiral commented that "as remarkable as this development seems to us now, the Nautilus will probably appear to our sons and grandsons a quaint old piece of machinery which introduced the transition to a new age of power."

Those chosen from the Senior Class at the local high school are Joyce Mehring, clarinetist, and Henry Fox, tenor saxophone, both of whom are members of the Junior class, and Hugh M. McIlhenny, a Sophomore clarinetist. They were selected at tryouts held in Harrisburg January 9.

The school paper states that the district band is "a collection of the

Girl Scout Troop 7 to St. Francis Xavier School

Xavier School reviewed the basketry work and completed written examinations on the subject at a meeting Tuesday evening in the school basement. Miss Marie Schachle, leader, was assisted by Mrs. Romeo M. Capozzi and Miss Martha Strasbaugh.

The victims were Clarence Hart, 9, and his two nieces, Terry English, 5, and Phyllis Chambers, 3.

Mrs. Lomie Hart, 47, the boy's mother, suffered third degree burns, a possible skull fracture and internal injuries in a leap from the third floor. Connie Barren, 28, a nephew, attempted to catch Mrs. Hart and sustained a compound leg fracture and internal injuries.

Two other children of Mrs. Hart, 14-year old Julius and 16-year old Harriet, suffered second degree burns. They jumped from the second floor to the ground. Julius was in serious condition.

Also hospitalized was Fire Capt. Ollie Letzkaus. The 62-year old veteran fire fighter was overcome by smoke in attempting to reach the victims. Cause of the blaze was not immediately determined.

E. BERLIN MAN  
NAMED IN SUITS

Claims totaling \$13,483 are made

into separate complaints in trespass filed in the office of the prothonotary at York against an East Berlin man as the outcome of a highway accident last February 6.

The complaints were filed by a York law firm as counsel for Betty Hartman, Spring Grove, and Denton A. Fair, York. They name John Phillips as the defendant.

The complaints aver that an automobile operated by Phillips on Route 234, the East Berlin-York Rd., crashed into the vehicle operated by Fair in which Betty Hartman was a passenger.

Both Fair and his passenger were injured and the Fair car was wrecked.

The woman's claim for \$8,282 of which \$7,500 is for pain and suffering and \$383 for hospital, doctor and ambulance services and \$400 for loss of earnings.

Fair seeks to recover \$1,007 for damage to his car and its depreciation in value by \$770, \$200 for loss of wages and the remainder for other expenditures.

IKE SUGGESTS  
\$1,400,000 FLOOD  
CONTROL IN PA.

## Upper Communities

Telephone Mrs. Richard Raffensperger, Biglerville 8

Mrs. Robert Riley, Pottsville, was a guest of Mr. and Mrs. Dale Clark, Bendersville, Wednesday afternoon.

WASHINGTON (AP)—President Eisenhower today recommended a total of \$1,400,000 in new appropriations for navigation and flood control work in Pennsylvania in the year ending June 30, 1955.

Including \$177,754 in funds from prior appropriations, a total of \$1,577,754 would be available for Keystone State projects under the President's proposal.

This is the smallest amount recommended for Pennsylvania in many years, due to the fact that a number of state's biggest projects have been completed or are nearing completion and there have been no sizable projects to replace them.

Eisenhower, however, recommended construction funds for flood control at Johnsonburg for the first time—\$300,000. Only planning money had been provided for this Northwestern Pennsylvania work in the past. Involving channel improvement, levee work and flood walls, the total estimated cost of the project—according to figures provided to congress last year—is \$593,000.

The President also recommended \$795,000 for culm removal in the Schuylkill River above Fairmount Dam; \$400,000 to continue flood control work at Swoyersville-Forty Fort, and \$700,000 to continue the Williamsport flood prevention project.

The figures were included in Eisenhowers budget, which showed that \$163,522 in holdover funds would be available for similar work on the East Branch Clarion River Reservoir.

Congress last year appropriated \$2,320,000 for construction of Pennsylvania projects. Including holdover funds from which appropriations, a total of about 4½ million dollars was available for spending in the 12-month period ending June 30, 1954.

From an actual appropriation point of view, Eisenhowers recommendation for the projects in the approaching 12-month period do not differ greatly from Congress' appropriations last year. Eliminating Lock No. 2 on the Monongahela River in Pennsylvania and West Virginia, for which \$570,000 was appropriated last year and nothing was recommended for the coming year because the work has been completed, the figures differ comparatively little—\$1,400,000 as against \$1,750,000. The big difference in money available for spending was in the total of holdover funds.

Following are the amounts recommended by Eisenhowers for the year ending June 30, 1955, the amounts appropriated for the 12 months ending June 30, 1954, and the total, including holdover funds, that was available for spending in the 12 months ending June 30, 1954:

Johnsonburg, \$300,000; zero; Swoyersville-Forty Fort, \$400,000; \$400,000; \$550,082; Williamsport, \$700,000; \$850,00; above Fairmount Dam, \$795,000; \$500,00; \$1,078,650.

The President's budget also recommended money for planning but there was no project breakdown of this amount. This usually is made known later. Congress last year appropriated planning funds for the Allegheny River Reservoir; Allentown; Bradford; and Johnsonburg.

Planning funds do not amount to much dollar-wise, but they are important in that they are a step toward the start of actual construction. Pennsylvanians for years have been complaining that although Pennsylvania pays for a whopping share of the nation's taxes it has been getting very little back in the way of navigation and flood control projects.

All of the President's recommendations are subject to approval by congress.

## Plan Dedication Of New Grade School Building At Littlestown On January 29

The new Rolling Acres Elementary School building, on East Myrtle St., Littlestown, will be dedicated on Friday, January 29, at 7:45 p.m. The building will be open to the public for inspection, that night at 8 p.m. Complete details concerning the program for the dedication and open house will be announced by Principal Paul E. King within the next few days.

Final arrangements for the affair were on the business agenda at the meeting of the Joint School committee of the Littlestown Joint School system, Tuesday evening at the high school on Maple Avenue. It was announced at the same time that the new school program schedule of operation will be: open in morning at 8:30 a.m., and close in afternoon at 3:30 p.m., with lunch period from 11:45 a.m. to 12:45 p.m.

President Arthur Beuhler conducted the session with the following directors in attendance: Lloyd E. Crouse, Wilbur E. Mackley, Clayton Harget, Elmer E. Furlow, George Worley, Bernard Dutterer, Ray Reichart, Glenn Bowers, Charles Shidle and Fred Hartlaub, together with Principal King and the secretary, Henry E. Waltman.

### Reports Presented

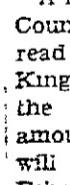

Treasurer Reichart reported receipts for December totaling \$20,986.20. Expenditures included general control, \$50; instruction, \$12,058; auxiliary agencies, \$1,112; coordinate activities, \$279; operation of plants, \$904; maintenance of plants, \$102; fixed charges, \$325; capital outlay, \$6,753; a total expense of \$20,584.66.

The report of Brenda B. Walker, R. N., school nurse, was presented by Mr. King and revealed a total of 22 home calls, and 131 first aid treatments in school. Seven pupils were injured to the extent of requiring further treatment by a local doctor. School physical examinations are still in progress conducted by Dr. Leonard L. Potter. Several cases of chicken pox were reported in the primary grades and five cases of mumps in the elementary school. Three cases of skin disease received treatment and returned to school. One student of the junior senior high school is absent with rheumatic fever. The general health of the pupils is good.

Mr. King's report stated that with the close of school in December, a total of 76 days were taught. A special assembly program was held on January 11 when safety pictures were shown by the Pennsylvania State Police. The Committee approved a change in the annual Easter vacation, instead of April 16 and 19, Good Friday and Easter Monday, the students vacation will begin on April 15 and they will return to school on April 19. Meals served during the month of November in the cafeteria totaled 4,202.

### Committee Named

The joint board meeting following the Joint School Committee session. George Worley of the Union Township board presented Dale W. Starry as an appointed director and the oath of office was administered by President Beuhler. The president also appointed the following committees to serve for the 1953-1954 term: Finance, Ray Reichart, George Worley, Wade Brown, Karl P. Bankert and Glenn Bowers; Teacher Committee, Stanley R. Seil, Elmer E. Furlow, Lloyd E. Crouse, Arthur Beuhler and Fred Hartlaub; Transportation; Charles Snidt, Lewis Lippy, Clayton Harget, Carl H. ### "VIEWING THE FUTURE"

I wonder what would happen . . . if the future we could see . . . if each new tomorrow . . . we would know what is to be . . . would the world be any better . . . or would things be twice as bad . . . would the heart of man be happy . . . or would it be ever sad . . . it is food for thought to wonder . . . and no doubt we all have tried . . . to imagine what the future . . . would be like if magnified . . . as for me I am contented . . . not to know what is to come . . . for sometimes it is good thinking . . . to be just a little dumb . . . for if we could see tomorrow . . . maybe we would grieve today . . . because what will be tomorrow . . . is for God alone to say.

## LITTLESTOWN'S PTA HEARS TALK AND TOURS SHOP AT HIGH SCHOOL

Charles E. Tressler, industrial arts teacher in the Littlestown Junior-Senior High School, was the speaker at the meeting of the Littlestown Jointure Parent Teachers Association on Tuesday evening, at the high school. Mr. Tressler gave an informative talk about the industrial arts department and summarized the work done and the materials used in both the Junior and Senior High School. Members of the PTA then toured the shop work rooms and saw a group of students from the senior class working on their various projects.

A general nomination of candidates to serve as officers of the PTA for one year took place. These candidates' names will be submitted to the nominating committee to prepare a slate for presentation at the February meeting. The nominating committee is composed of Miss Leora L. Held, chairman, Mrs. Naomi C. Schwartz, Mrs. Lloyd Bortner, Mrs. Charles Slusser, John Kump, John Hull and Stanley Horner. A voluntary collection was received for the March of Dimes and \$1.20 was given for the campaign. Mrs. Edward B. Geiman, treasurer, reported that \$234.23 was netted from the recent soup and sandwich sale held by the PTA. Thanks were extended to all those who helped in any way to make the sale a success and the proceeds are for the benefit of the PTA's new stage curtain fund for the high school. Mrs. R. C. Harbaugh, secretary, gave her January report.

A social hour followed the business session and refreshments were served to the group by the January hostess committee, consisting of Mrs. James Dutterer, Mrs. Norman J. Hahn, Mrs. Milton Harner and Mrs. LeRoy Helwig. The next meeting will be held Tuesday, February 16 and the hostesses will be Mrs. Vernon Snyder, Mrs. Charles Slusser, Mrs. Monroe J. Stavely, Mrs. John D. Basehoar and Mrs. Joseph Cookson.

**Women Plan Bazaar**

The Woman's Society of Christian Service of Centenary Methodist Church made preliminary plans to hold an apron bazaar, at the January meeting on Tuesday evening in

the Sunday School room of the church. The time and place of the bazaar were not selected. The opening devotions were in charge of Mrs. Chester S. Byers. One new member was welcomed into the Society, Mrs. William Withrow. It was decided to hold a covered dish supper in connection with the next meeting on Tuesday, February 9, 6:30 p.m., at the home of Mrs. Chester S. Byers, E. Myrtle St.

The school boards, read: Transportation: Charles Shildt, Lewis Lippy, Clayton Harget, Carl H. Baumgardner and Joseph Clabaugh; Property and Supplies, February 9.

Charles E. Tressler, industrial arts teacher in the Littlestown Junior-Senior High School, was the speaker at the meeting of the Littlestown Jointure Parent Teachers Association on Tuesday evening, at the high school. Mr. Tressler gave an informative talk about the industrial arts department and summarized the work done and the materials used in both the Junior and Senior High School. Members of the PTA then toured the shop work rooms and saw a group of students from the senior class working on their various projects.

A general nomination of candidates to serve as officers of the PTA for one year took place. These candidates' names will be submitted to the nominating committee to prepare a slate for presentation at the February meeting. The nominating committee is composed of Miss Leora L. Held, chairman, Mrs. Naomi C. Schwartz, Mrs. Lloyd Bortner, Mrs. Charles Slusser, John Kump, John Hull and Stanley Horner. A voluntary collection was received for the March of Dimes and \$11.20 was given for the campaign. Mrs. Edward B. Geiman, treasurer, reported that \$24.23 was netted from the recent soup and sandwich sale held by the PTA. Thanks were extended to all those who helped in any way to make the sale a success and the proceeds are for the benefit of the PTA's new stage curtain fund for the high school. Mrs. R. C. Harbaugh, secretary, gave her January report.

A social hour followed the business session and refreshments were served to the group by the January hostess committee, consisting of Mrs. James Dutterer, Mrs. Norman J. Hahn, Mrs. Milton Harner and Mrs. LeRoy Helwig. The next meeting will be held Tuesday, February 16 and the hostesses will be Mrs. Vernon Snyder, Mrs. Charles Slusser, Mrs. Monroe J. Stavely, Mrs. John D. Basehoar and Mrs. Joseph Cookson.

**Women Plan Bazaar**  
The Woman's Society of Christian Service of Centenary Methodist Church made preliminary plans to hold an apron bazaar, at the January meeting on Tuesday evening in

the Sunday School room of the church. The time and place of the bazaar were not selected. The opening devotions were in charge of Mrs. Chester S. Byers. One new member was welcomed into the Society, Mrs. William Withrow. It was decided to hold a covered dish supper in connection with the next meeting on Tuesday, February 9, at the home of Mrs. Chester S. Byers, E. Myrtle St.

During the social hour, refreshments were served to the group by the January hostesses, Mrs. Arthur E. Burr, Mrs. Joseph Shadid and Mrs. Edward Harner.

The monthly meeting of the Double or Nothing Club of St. Mary's Lutheran Church, Silver Run, will be held on Friday evening at 7:30 o'clock at the home of Mr. and Mrs. John Borcher Jr.

Miss Mary Jane Staley, M. St. showed colored slide pictures which she took on her trip to Europe this past summer, at the monthly meeting of the Hustlers' Sunday School class of Redeemer's Reformed Church on Monday evening in the church social hall. The meeting opened with a song service for which Miss Louise Dutterer was piano accompanist. Scripture was read by Mrs. Frank E. Reynolds and Mrs. Theron W. Spangler offered prayer.

During the business session, in charge of Mrs. Hazel Hess, president, a donation of \$10 was voted to the March of Dimes. Plans were made to serve a banquet to the local Rotary and Lions Clubs and Boy Scouts of the community on Thursday, February 4. Reports were heard from Mrs. Bernard Weaver, secretary and Mrs. George C. DeHoff, treasurer. The guess package, given by Mrs. Lloyd L. Stavely, was received by Mrs. Theron W. Spangler. Refreshments were served to the 18 members and four visitors in attendance by the January hostess.

The opening devotions at the meeting included singing the class song, "Somebody Did A Golden Deed Today"; Scripture, Psalm 90 and prayer by Mrs. Hull; song, "What A Friend We Have In Jesus." Readings were given by the members. The class decided to place the alter flowers in the church on a future Sunday. Refreshments were served to the group by the hostess, Mrs. Hull.

The next regular meeting, Tuesday, February 16, will be held at the home of Mrs. Lloyd L. Stavely, Crouse Park. The invocation was offered by the Rev. Frank E. Reynolds. Two visiting Rotarians were presented. They were J. Ralph Bonsack, Westminster, and Irvin R. Hostetter, Hanover. A. G. Ealy, chairman of the program committee, announced that reservations are being received for the Rotarians and their guests to enjoy a trip to the Ice Capades at Hershey, as a Ladies' Night program on Tuesday, February 23.

## 3 CHILDREN BURN TO DEATH

PITTSBURGH (AP)—Three Negro children burned to death early today in a quick-spreading fire in Pittsburgh's congested Hill District. Five other persons were hurt—two of them seriously.

The victims were Clarence Hart, 9, and his two nieces, Terry English, 5, and Phyllis Chambers, 3.

Mrs. Louise Hart, 47, the boy's mother, suffered third degree burns, a possible skull fracture and internal injuries in a leap from the third floor. Connie Barren, 28, a nephew, attempted to catch Mrs. Hart and sustained a compound leg fracture and internal injuries.

Two other children of Mrs. Hart, 14-year old Julius and 16-year old Harriet, suffered second degree burns. They jumped from the second floor to the ground. Julius was in serious condition.

Also hospitalized was Fire Capt. Ollie Letzkus. The 62-year old veteran fire fighter was overcome by smoke in attempting to reach the victims. Cause of the blaze was not immediately determined.

## E. BERLIN MAN NAMED IN SUITS

Claims totaling \$13,483 are made into separate complaints in trespass filed in the office of the prothonotary at York against an East Berlin man as the outcome of a highway accident last February 6.

The complaints were filed by a York law firm as counsel for Betty Hartman, Spring Grove, and Denton A. Fair, York. They name John Phillips as the defendant.

The complaints aver that an automobile operated by Phillips on Route 234, the East Berlin-York Rd., crashed into the vehicle operated by Fair in which Betty Hartman was a passenger.

Both Fair and his passenger were injured and the Fair car was wrecked.

The woman's claim for \$8,282 of which \$7,500 is for pain and suffering and \$383 for hospital, doctor and ambulance services and \$400 for loss of earnings.

Fair seeks to recover \$1,007 for damage to his car and its depreciation in value by \$770, \$200 for loss of wages and the remainder for other expenditures.

## IKE SUGGESTS \$1,400,000 FLOOD CONTROL IN PA.

WASHINGTON (AP)—President Eisenhower today recommended a total \$1,400,000 in new appropriations for navigation and flood control work in Pennsylvania in the year ending June 30, 1955.

Including \$177,754 in funds from prior appropriations, a total of \$1,577,754 would be available for Keystone State projects under the President's proposal.

This is the smallest amount recommended for Pennsylvania in many years, due to the fact that a number of state's biggest projects have been completed or are nearing completion and there have been no sizable projects to replace them.

Eisenhower, however, recommended construction funds for flood control at Johnsonburg for the first time—\$300,000. Only planning money had been provided for this Northwestern Pennsylvania work in the past. Involving channel improvement, levee work and flood walls, the total estimated cost of the project—according to figures provided to congress last year—is \$533,000.

The President also recommended \$795,000 for culm removal in the Schuylkill River above Fairmount Dam; \$400,000 to continue flood control work at Swoyersville-Forty Fort, and \$700,000 to continue the Williamsport flood prevention project.

The figures were included in Eisenhower's budget, which showed that \$163,522 in holdover funds would be available for similar work on the East Branch Clarion River Reservoir.

Congress last year appropriated \$2,320,000 for construction of Pennsylvania projects. Including holdover funds from which appropriations, a total of about 4½ million dollars was available for spending in the 12-month period ending June 30, 1954.

From an actual appropriation point of view, Eisenhower's recommendations for the projects in the approaching 12-month period do not differ greatly from Congress' appropriations last year. Eliminating Lock No. 2 on the Monongahela River in Pennsylvania and West Virginia, for which \$570,000 was appropriated last year and nothing was recommended for the coming year because the work has been completed, the figures differ comparatively little—\$1,400,000 as against \$1,750,000. The big difference in money available for spending was in the total of holdover funds.

Following are the amounts recommended by Eisenhower for the year ending June 30, 1955, the amounts appropriated for the 12 months ending June 30, 1954, and the total, including holdover funds, that was available for spending in the 12 months ending June 30, 1954:

Johnsonburg, \$300,000; zero; zero; Swoyersville-Forty Fort, \$400,000; \$400,000; \$550,082; Wilhamsport, \$700,000; \$550,000; \$1,234,366; Schuylkill River above Fairmount Dam, \$795,000; \$500,000; \$1,078,550.

The President's budget also recommended money for planning but there was no project breakdown of this amount. This usually is made known later. Congress last year appropriated planning funds for the Allegheny River Reservoir; Allentown; Bradford, and Johnsonburg.

Planning funds do not amount to much dollar-wise, but they are important in that they are a step toward the start of actual construction. Pennsylvanians for years have been complaining that although Pennsylvania pays for a whopping share of the nation's taxes it has been getting very little back in the way of navigation and flood control projects.

All of the President's recommendations are subject to approval by congress.

## Hanover Opposes Warriors Here Friday; Biglerville Site Of First Place Scrap

Gettysburg and Hanover High Schools, also-rans in the first half race of the South Penn Basketball League, meet here Friday evening in a scrap which will go a long way in determining which may eventually clinch a first division spot in the first half standing.

The Warriors and Nighthawks have identical 2-3 league records and both are gunning for first division berths.

Coach George Forney's charges turned in their best offensive performance of the year in blasting Mechanicsburg 62-51 Tuesday evening. George Penn, who had been in a scoring slump, came through with 19 tallies and if he can continue to locate the hoop with regularity the Warriors' chances will rise considerably.

Karl Meyers, Nighthawks had been selected as a possible challenger to Chambersburg this year but have lacked consistency. The Hawks, who use a 1-3-1 zone defense, have been sparked by Reggie Rife, a sharp-shooting forward, and Eddie Slevin, guard. Wally Study, center, is the key to the sliding zone defense.

At 6:45 the Warrior junior varsity will go after its third straight against the Hawk reserves.

Unbeaten Chambersburg is expected to encounter little trouble at Mechanicsburg. Hershey appears to pack too much know-how for Carlisle, while Waynesboro should romp over Shippensburg in another league contest Friday night.

The Gettysburg Junior High dribblers (3-2) face their biggest task of the campaign in meeting Hanover on the latter's floor. The unbeaten Falcons won their 26th game in a row Tuesday evening by crushing Chambersburg 54-33.

**Four Unbeaten Teams**

The big game in the Adams County League Friday night will be staged at Biglerville where a capacity crowd is certain.

There will be four unbeaten teams in action on the Canner court. Dick Allison's boys, 5-0 in league competition and 8-3 for the season, meet the defending titlist, Boiling Springs, also 5-0 in the loop and 13-2 for the campaign, in a battle to decide undisputed possession of first place.

Both girls' teams are also unbeaten in two league outings and their preliminary game will elevate the victor into sole possession of the first place spot in the girls' division.

The remainder of the county schedule Friday night includes the following boys' and girls' contests: East Berlin at Littlestown, Newville at New Oxford and Fairfield at York Springs.

John McMahon's Delone Squires, 6-5 for the season, goes after their second straight triumph against St. John's School at Westminster in completing the scholastic program.

## DANNY NARDICO UPSET VICTIM

MIAMI BEACH, Fla. (AP)—Charley Norkus, unranked and underrated, whipped Danny Nardico, a top contender for the light heavyweight title, last night in one of the bloodiest bouts ever staged in South Florida. There were eight knockdowns.

The Bayonne, N. J., heavyweight battered Nardico with smashing rights and slammed him to the canvas six times before Referee Jimmy Peerless stopped the fight at 2:15 of the ninth, giving Norkus a technical knockout. The fight was scheduled for 10 rounds.

But it wasn't a one-sided affair. Both fighters took a lot of punishment and were bleeding freely. Norkus went down twice under Nardico's powerful punches.

Norkus weighed 197 pounds, 15½ more than Nardico, who had been clamoring for a title fight with heavy-weight champion Rocky Marciano. Some 2,335 fans paid \$10.66 to see the non-televisioned knockdown contest.

## Staller To Magage York White Roses

HARRISBURG (AP)—George Staller of Harrisburg, former major league outfielder, signed last night to manage the York White Roses this year in the Class B Piedmont Baseball League.

Staller, who managed Williamsport of the Class A Eastern League last year, succeeds Mark Christman and George Haussmann who piloted York to a fifth place finish last season in the Piedmont.

## Friday's Games Can Settle 1st Half Scholastic Results

BY DICK HOENIG

HARRISBURG (AP)—Tomorrow's night's scholastic basketball play can settle first half races in three major conferences and assure 10 other league leaders at least a tie.

In 9 of the 13 cases defending conference champions are on the spot. First half action continues through the end of the month in most areas.

The North Schuylkill League of District 11 is the first to close out the opening half of its split season with Mahanoy Twp., one of the state's major undefeated fives, sure of a tie. The township team needs only its eighth straight conference victory, over Shenandoah Earl Torgeson, to finish ahead of defending league champ Ashland (6-1).

**Bloomsburg Cap Tie**

An Erie East (3-0) decision over Erie Academy (1-2) would allow East to nose out Erie Tech in the first month of Section 1 play in District 10.

Bloomsburg of the Susquehanna, also with a 7-0 league mark, will finish at least tied for the top spot but a win over Lewisburg (4-3) would give the Panthers undisputed control. Bloomsburg won the league last year.

Both state champion Yeadon and runner-up Sharon are in position to clinch mid-season leadership of their respective circuits. Yeadon is the only unbeaten entry in the Philadelphia Suburban 2 loop with a 4-0 mark and Sharon holds the same position and record in the WPIAL's Section 3.

Sharon, beaten only once in 10 starts this year, entertains Ellwood City, 10-2 and 2-2 in the section. Yeadon takes a 10-game winning streak into its contest at Lansdowne. Sharon will have the tougher job against a club that has won twice in section play after losing them all last season.

**In Other Leagues**

Here's the picture in other leagues where the leader can finish with no worse than a tie for first by winning tomorrow:

East Penn—Allentown (3-0), defending league and District 11 winner, will try to get past its cross-town rival, Central Catholic (2-1), loser only once in 13 starts.

Central Penn—York (4-0) faces runnerup Harrisburg William Penn (3-1) and a triumph clears the way for the Bearcats to succeed. The next meeting of the board will be held Wednesday, February 17.

**MISSES 4-MINUTE MILE**

MELBOURNE (AP)—John Landy, Australia's great miler, failed again in his bid for a 4-minute mile tonight. Running in a special twight meeting at Olympic Park he was timed in 4:02.3.

**Army Routs Penn**

Siena snapped out of a six-game losing streak to upset Villanova 68-58.

The Cadets, who now own a 6-3 record, didn't find the range until midway in the second period when Bill Hannan and Mark Binstrom each wound up the proceedings with 25 points.

## Mount Downs Terrors 78-55 IN LOOP GAME

By JACK HAND

NEW YORK (AP)—Rabbit Maranville, Bill Dickey and Bill Terry are in baseball's Hall of Fame today but Joe DiMaggio still is on

the outside—for at least one more year.

Maranville, the sprightly little shortstop of the 1914 "miracle" Boston Braves who died Jan. 5, led the ticket in the latest elections by the Baseball Writers Assn. Dickey, all-time Yankee catching great, and Terry, last .400 hitter in the National League, were close behind.

DiMaggio, who retired in 1951, missed by 14 votes. Totals of 252 ballots were cast by 10-year members with 75 per cent or 188 necessary for election.

To Dedicate Plaque

The rules were changed this year, restricting the field to players active within the last 25 years but out of baseball in any "field" capacity for at least five years. That eliminated managers, coaches and umpires who still are active or have been since 1948. The only exceptions were Dickey, DiMaggio and Ted Lyons, who had received 100 or more votes in the 1953 election.

Plaques will be dedicated to Maranville, Dickey and Terry at the Cooperstown, N. Y., Hall of Fame Museum in August when the Yankees play Cincinnati in the annual exhibition game at Doubleday Field. Six others, including Chief Bender, who were named by a special committee last September, also will be officially accepted at that time, when the membership will be increased to 73 men.

**53 Names Proposed**

Except for a surge of votes for Maranville, inventor of the "basket" catch, the 1954 results closely followed last year's pattern. Those who finished well up the ladder before Dizzy Dean and Al Simmons, the '53 selections, moved up. A total of 53 players were named with seven receiving 100 or more votes.

Maranville drew 209, Dickey 202 and Terry 195. DiMaggio at 175 and Lyons at 170 barely missed. Then came Dazzy Vance, ex-Brooklyn pitching ace, 158, and Gabby Hartnett, former Chicago Cub catcher-manager with 151 votes. There was a long gap between Gabby and Hank Greenberg in eighth place with 97 votes.

**WEST KENTUCKY WINS 600TH TILT FOR ED DIDDLE**

NEW YORK (AP)—Ed Diddle, Western Kentucky's 58-year-old silver-thatched basketball coach, received another milestone today and began looking ahead in terms of becoming the winningest mentor of all-time.

Diddle's Hilltoppers polished off Tennessee Tech last night 62-51 in a 6-3 victory. The triumph was the 600th victory of Ed's career, all spent at Western Kentucky.

Dayton won its 12th game in 16 starts, defeating Seton Hall for the second time this season 76-61.

The Cadets, who now own a 6-3 record, didn't find the range until midway in the second period when Bill Hannan and Mark Binstrom each wound up the proceedings with 25 points.

Siena toppled Villanova with a 28-point onslaught in the fourth period. Going into the final chapter the Wildcats were in the van, 40-40, but they managed to make good on only one field goal in the final 10 minutes.

## Hanover Opposes Warriors Here Friday; Biglerville Site Of First Place Scrap

Gettysburg and Hanover High Schools, also-rans in the first half race of the South Penn Basketball League, meet here Friday evening in a scrap which will go a long way in determining which may eventually clinch a first division spot in the first half standing.

The Warriors and Nighthawks have identical 2-3 league records and are gunning for first division berths.

Coach George Forney's charges turned in their best offensive performance of the year in blasting Mechanicsburg 62-51 Tuesday evening. George Penn, who had been in a scoring slump, came through with 19 tallies and if he can continue to locate the hoop with regularity the Warriors' chances will rise considerably.

Karl Meyers' Nighthawks had been selected as a possible challenger to Chambersburg this year but have lacked consistency. The Hawks, who are a 1-3 zone defense, have been sparked by Reggie Rife, a sharp-shooting forward, and Eddie Slevin, guard. Wally Study, center, is the key to the sliding zone defense.

At 6:45 the Warrior junior varsity will go after its third straight against the Hawk reserves.

Unbeaten Chambersburg is expected to encounter little trouble at Mechanicsburg, Hershey appears to pack too much know-how for Carlisle, while Waynesboro should romp over Shippensburg in other league contests Friday night.

The Gettysburg Junior High dribblers (3-2) face their biggest task of the campaign in meeting Hanover on the latter's floor. The unbeaten Falcons won their 26th game in a row Tuesday evening by crushing Chambersburg 54-38.

**Four Unbeaten Teams**

The big game in the Adams County League Friday night will be staged at Biglerville where a capacity crowd is certain.

There will be four unbeaten teams in action on the Canner court. Dick Allison's boys, 5-0 in league competition and 8-3 for the season, meet the defending titlist, Boiling Springs, also 5-0 in the loop and 13-2 for the campaign, in a battle to decide undisputed possession of first place.

Both girls' teams are also unbeaten in two league outings and their preliminary game will elevate the victor into sole possession of the first place spot in the girls' division.

The remainder of the county schedule Friday night includes the following boys' and girls' contests: East Berlin at Littlestown, Newville at New Oxford and Fairfield at York Springs.

Johnny McMahon's Delone Squires, 6-5 for the season, goes after their second straight triumph against St. John's School at Westminster in completing the scholastic program.

## DANNY NARDICO UPSET VICTIM

MIAMI BEACH, Fla. (AP)—Charley Norkus, unranked and underrated, whipped Danny Nardico, a top contender for the light heavyweight title, last night in one of the bloodiest bouts ever staged in South Florida. There were eight knockdowns.

The Bayonne, N. J. heavyweight battered Nardico with smashing rights and slammed him to the canvas six times before Referee Jimmy Peerless stopped the fight at 2:15 of the ninth, giving Norkus a technical knockout. The fight was scheduled for 10 rounds.

But it wasn't a one-sided affair. Both fighters took a lot of punishment and were bleeding freely.

Norkus went down twice under Nardico's powerful punches.

Norkus weighed 197 pounds, 15½ more than Nardico, who had been clamoring for a title fight with heavyweight champion Rocky Marciano. Some 2,535 fans paid \$10,663 to see the non-televisioned knockdown contest.

## Staller To Magage York White Roses

HARRISBURG (AP)—George Staller of Harrisburg, former major league outfielder, signed last night to manage the York White Roses this year in the Class B Piedmont Baseball League.

Staller, who managed Williamsport of the Class A Eastern League last year, succeeds Mark Christman and George Hausmann who piloted York to a fifth place finish last season in the Piedmont.

## PAYS FINE BUT STAYS IN JAIL

With heavy foggy weather prevailing the way it was Wednesday evening, one could hardly blame Monroe Smith, Fort Royal, Va., for accepting the "hospitality" of Adams County to "spend the night in Gettysburg"—even if his lodging was the county jail.

Smith's overnight stay was prompted Wednesday afternoon when he was arraigned before Justice of the Peace Robert P. Snyder on a charge of reckless driving filed by state police.

Lacking funds to pay his fine and costs, he was lodged in jail.

Several hours later the firm employing Smith wired the required amount. However, the Virginian by this time had taken a liking to his surroundings and decided to remain overnight . . . besides, his tractor-trailer had a bad generator and the lights didn't work too well.

This morning at 8:15 o'clock, after breakfast, Monroe Smith continued on his way.

## Issue Notices On Traffic Charges

Ten-day notices to appear before Justice of the Peace John H. Bashe for traffic violations have been sent to the following:

Harold Hankey, Gettysburg R. 1, charged by borough police with reckles driving on York and Liberty Sts. January 19, at 9:50 p.m.

William C. Waddell, Moorestown, N. J., charged by borough police with failing to obey a traffic signal at N. Washington and Lincoln Ave., January 19, at 5:21 p.m.

## FIND RING OF KEYS

## Change Race Dates At Garden State

TRENTON, N. J. (AP)—The New Jersey Racing Commission has announced changes in the racing date for Garden State Park at Camden.

The new racing dates for Garden State as announced yesterday:

From May 3 to May 31 — 25 days; and from Oct. 9 to Nov. 6 — 25 days.

Garden State was scheduled originally to have its first day of racing in the spring on May 1. The fall season was to have begun originally Oct. 7.

## Pro Football Draft Session No Secret

PHILADELPHIA (AP)—The draft meeting of the National Football League which starts next Thursday will be open to the press, radio and television for the first time in history.

Heretofore, all draft meetings have been private with names of players selections announced later in a separate press room. The meeting will open at 10 a. m. Thursday and continue through Saturday, or longer if necessary.

## Mount Downs Terrors 78-55 in Loop Game

MT. ST. MARY'S COLLEGE ended a three-game losing streak Wednesday evening by defeating Western Maryland 78-55 in a Mason-Dixon Conference game at Ebensburg. The victory elevated the Mountaineers into a three-way tie for fifth place with a 4-2 conference record.

Coach Bill Clarke's team rolled up a 42-22 advantage over the Green Terrors in the first half and was never threatened.

Sal Angelo, Jack Sullivan and George Nigemeyer rammed through 14, 13 and 12 points respectively, for the winners.

Arnie Needelman and Al Bost each tallied 10 points for Western Maryland.

The Mountaineers, with an overall season mark of 4-8, is idle until February 4 when Loyola will play at Ebensburg in another conference engagement.

## Today's Talk

By GEORGE MATTHEW ADAMS

### BOOK WEALTH

There is no wealth in all this world that compensates so much as that of book wealth. All other forms of wealth, sooner or later, melt away, or are creative of jealousy, snobbery, selfishness, and unhappy quarrels. Books and reading, however, feed the mind, keep it in health, create understanding and genuine happiness.

Lord Macaulay once wrote in a letter to a girl, this line: "I would rather be a poor man in a garret with plenty of books than a king who did not love reading." We can have but a few friends about us, and those at only scattered intervals, but the books that we love may become almost constant companions ready upon notice at all to give us entertainment, hope, and inspiration. They transfer comfort, beauty, and knowledge.

In the recent book "Out of This World" by Helen Worden Erskine, about heiresses, she states that heiresses are great readers, and that they will cling to books even with a greater satisfaction than to the material wealth that so many of them have.

Should I be granted the privilege of walking through that strange vault in the ground at Ft. Knox, with nothing but gold bricks all about me, I am sure that the sight would leave me cold, but I get all warmed up every time I enter a bookshop or a home dedicated to books. Book wealth is something that gives eternal enrichment and nourishment.

All the furniture in my home could be lugged away and few, if any, of the articles would be missed, but if only a handful of my books should be taken from me, they would be missed. What a thrilling experience it is to enjoy book wealth! In addition to its personal joy is that which we are enabled to distribute to others. Give a book to a friend and you distribute the essence of life it self.

### WINTER SCENE

The skies have spread a spotless sheet  
 Upon the sleeping phlox and rose.

And there's a calm, serene and sweet,

Which winter on the fields bestows.

Bare to the wind are twig and bough,

As if for slumber they'd undressed.

The tired earth is resting now  
 And stilled is every song bird's nest.

There is no tossing to and fro  
 Where hyacinth and tulip lie.

Untroubled is the sleep they know.

Unheard man's traffic rumbles by.

No sigh, no sound of breathing deep;

No clock at break of dawn to ring;

No care will rouse them from their sleep

Until the coming of the spring.

Although to men they seem to die

And long the months with them away,

They'll rise again, as you and I  
 When God has called our souls away.

Green leaves again on twig and bough

Will mark the coming of the spring.

And where is death-like silence now

Will flowers bloom and song birds sing.

# Ike "Enormously Popular" And "Amazingly Free From Personal Abuse" After Year In Office

By JAMES MARLOW

WASHINGTON — When President Eisenhower hopped out of bed on Tuesday and looked in the mirror, he may have thought: "How did I ever come to let myself in for this?"

He had moved into the White House one year ago. And it had been a tough, grinding year. The face which gazed back at him in the mirror looked a little older. Not much. Just a little.

But if he wondered why he had been willing to carry on his back that mountain called the presidency, it was probably a thought that lasted only an instant.

He was still as jaunty as ever, working harder and longer hours, perhaps, than any he had endured since those days on the eve of the invasion of Normandy, nearly 10 years ago.

He seemed, judging from the quick grin he could produce, to be enjoying his job. He was still amazingly popular. And he was still amazingly free from personal abuse unless they pass a progressive program.

He was wiser, no doubt, than he had been that day a year ago when he stood for hours watching the Inaugural Parade. In his first year, he frankly concedes, he was a political novice. He doesn't claim political mastery now.

His handling of Congress this year will illustrate his political development, or lack of it. Last year he was mild and gentle with the lawmakers. Some of his critics said he was more anxious to be liked than to lead.

His friends gave another expla-

## IS PEACE MORE PREFERABLE TO PORRIDGE?

By DOROTHY V. WHIPPLE, M.D.

The Associated Press

Every child does not have to have hot cereal and bacon and eggs for breakfast.

The human race is divided into the bacon-and-eggs-for-breakfast and the coffee-and-toast-for-breakfast varieties.

This is just as true of children as of grown-ups. Some children are just not hungry the first thing in the morning. If you try to force cereal down them you are going to have trouble. If a child eats his other meals well, I would certainly let him off with a glass of fruit juice for breakfast if that's all he wants.

There is so much talk about the

necessity of getting a good breakfast into children that many a youngster goes off to school a nervous wreck after this daily break-

fast storm.

I am not denying the value of a good breakfast. Other things being equal, it is of course good physiology to start the day with an adequate supply of fuel under the belt.

It is only when other things are NOT equal that skipping the break-

fast seems the best thing to do.

Case Of Mary Lou

Just consider the case of Mary Lou. Mary Lou is 7 years old. She

is a slender, jumpy little girl.

Mary Lou dawdles over her dressing. Almost every morning mother rushes into her room at 5 minutes to 8, yanks on the rest of

her clothes against protests, combs

her hair in a great hurry, often

pulling at the snarls, and almost

pushes the child to the breakfast

table.

Pretty often Mary Lou is crying

by the time she gets there. Daddy

is already eating. Mother puts a

big bowl of hot cereal in front of

Mary Lou. She whines she doesn't want it. Daddy looks over his newspaper. "Eat that cereal, Mary Lou," he demands and goes back to his paper.

The child whimpers, stirs the cereal with her spoon, and takes one bite—it's sickening—she can hardly swallow it.

"Hurry up, Mary Lou," chides mother.

Daddy puts his paper down.

"Now, young lady, eat," and he puts a spoonful in her mouth. The child gulps and swallows and Daddy spoons in the whole bowlful.

Mary Lou is stuffed and uncomfortable and unhappy.

She is packed off to school. No wonder there are school problems.

Not A Good Start

Everyone will agree this is not a good start for the day. What is the answer? Something needs to be done so that Mary Lou goes to school happy and in a frame of mind that will make learning possible.

First she needs to get up early enough to have time to dress

slowly, since she is a pokey child.

Chances are, however, she'll need some help. Perhaps she and Dad

dy could dress together, with a little pleasant conversation and help at strategic places.

If Mary Lou and Daddy came to breakfast together, chattering on the way, the child would be in a more pleasant frame of mind and very likely she would eat a little something, but probably not a great deal.

Let her have what she comfortably wants. If she settles for a glass of fruit juice only, let it go at that. A talk with her teacher might make it possible for Mary Lou to take a sandwich to school to eat at recess time, when she will be hungry.

Food in the morning is good, but peace of mind is even more important. Try to arrange life so that your children have as much of both as possible.

## URGES STATE TO DROP JUSTICES OF THE PEACE

PHILADELPHIA (AP)—Chief Justice Arthur T. Vanderbilt of the New Jersey Supreme Court recommends abolition of Pennsylvania's justice of the peace system.

Addressing a statewide judicial conference here last night, Justice Vanderbilt suggested that a new court be written into the state constitution and put on a salary basis rather than on commission.

Justice Vanderbilt, asserting that a recent poll indicated many citizens think judges are dishonest, urged jurists to put themselves in the place of the public.

**Convictions Pay**  
"They (the public) are fined by a justice of the peace and later find that the justices of the peace make a profit. Under the justice of the peace system they get compensation if they find somebody guilty—but not when they find somebody innocent."

He pointed out that under a constitutional revision in New Jersey, municipal judges and magistrates in that state are on salary instead of commission.

**Decided On Merit Now**  
"It is surprising," said Justice Vanderbilt, "what that one single thing has done to improve the outlook of the public toward the judiciary."

Describing results of the streamlined system in New Jersey, the jurist pointed to fewer dispositions of cases on technicalities.

"All cases now are decided on merit," he said, "and the judges get so used to being pure they revel in it."

**Has 5 Proposals**

Five proposals for improvement of the state judicial system were advanced by Superior Court Judge Robert E. Woodside, former state attorney general.

Woodside, speaking at the judicial conference, suggested these ways of reducing the backlog of jury cases awaiting trial—a major complaint of the present judicial system:

1. Encourage trials without juries.

2. Use the arbitration act of 1951 which provides for arbitration of claims under \$1,000.

3. Conduct more pre-trial conferences.

Criticizes Lawyers

4. Obtain cooperation of lawyers

## NEW GOVERNOR FOR N. JERSEY

TRENTON, N.J., (AP)—Robert B. Meyner, a county lawyer, Tuesday was sworn in as New Jersey's 53rd governor and immediately pledged his administration to a fight against crime and public officials who "connive" with the underworld.

Meyner, first Democrat to be the state's chief executive in 10 years, said he would go to the public for advice on important questions of state government.

In a prepared inaugural address, Meyner said his office would be open for suggestions from the people, he would make visits about the state to learn local problems at first hand, and "The public will be fully informed of the actions and purposes of my administration."

The 45-year-old Phillipsburg bachelor succeeded Republican Gov. Alfred E. Driscoll in traditional ceremonies.

### KILLS AGED MOTHER

MCKEESPORT, Pa., (AP)—Police Chief James Loizes said a 55-year-old legless clerk shot and killed his 73-year-old mother Tuesday in their three-room apartment.

Loizes said Edward Byard, a clerk in the dye shop of the National Tube Works, shot his mother, Mrs. Minerva Byard, in the head with a .32 caliber revolver as she sat in a chair. He then shot her through the heart as she toppled to the floor, Loizes said.

Loizes said Byard apparently intended to kill himself after the shooting but was taken into custody.

### SUICIDE BY FIRE

LODI, N.J. (AP)—A former mental patient, frantically battling off would-be rescuers, killed himself by plunging into a kerosene fire he set in an empty lot on Tuesday.

After jumping into the flames once, John Niewiadomski, 35, was pulled out by three unidentified young men. But he writhed himself free, dived head first into the fire.

Handle hamburger meat lightly! Unwrap the waxed paper package it comes in, divide it into portions with a knife, shape each portion into a ball gently, then flatten out.

in avoiding delays.

5. More time in court for judges. Woodside said delays in hearing of cases work hardship on litigants and inevitably lead to injustice. He urged judges to hear cases without a jury as an aid to eliminating backlog "if the bar would cooperate and if the judges would be willing to work hard."

"Not all of the trouble lies with the judges," Woodside stated. He criticized lawyers defending a case who "are satisfied with delays."

## GAS CO. SEEKS OKAY TO BUILD COSTLY PIPELINE

WASHINGTON (AP)—A Texas Eastern Transmission Corp. subsidiary has asked Federal Power Commission authority to construct a 30 million dollar natural gas pipeline stretching from a point in Westmoreland County, Pa., to Lambertville, N.J.

Texas Eastern Penn-Jersey Transmission Corp. said the 265-mile line would be leased to parent Texas Eastern at an annual rental of \$14,380,000. Texas Eastern meanwhile, asked FPC permission to operate the line and to perform storage service for Transcontinental Gas Pipeline Corp. of Houston, Tex.

Texas Eastern also wants to increase quantities of gas deliverable on any day to the Manufacturers Light and Heat Co., Pittsburgh, and the Ohio Fuel Gas Co., Columbus, Ohio, from 60,386,000 cubic feet to 102,003,000 without increasing total obligations to those customers.

The proposed pipe line would extend from the Oxford storage field in Westmoreland County to a connection with Texas Eastern's system in New Jersey.

## THREE BANKS WILL MERGE

PHILADELPHIA (AP)—Stockholders of three southeastern Pennsylvania banks—the Philadelphia National, the Montgomery National of Norristown and the Chester-Cambridge Bank and Trust Co. of Chester—have voted to merge.

Philadelphia National shareholders also were Tuesday to merge with the First National Bank of Lansdowne, Pa. Lansdowne shareholders approved the move last week.

The mergers are to become effective Feb. 20. They will provide Philadelphia National three branch offices in adjoining Montgomery County, and two offices in Delaware County.

Atty. J. H. Ward Hinkson of Chester, a director of the Chester-Cambridge Bank, was named a member of the Philadelphia National board of directors. Frederic A. Potts, Philadelphia National president, said that Douglas R. Faith, president of Chester-Cambridge, and W. Frederick Zimmerman, president of the Montgomery National Bank, will be named vice presidents of Philadelphia National in charge of their offices.

Marvin Grissom, pitcher for the New York Giants, won seven games on the team's good will tour of the Orient. Two were shutouts.

## Smoke And Soot Free Equipment Is Shown

NEW YORK (AP)—New smoke and soot free heating equipment went on display today at the anthracite industry commercial equipment show.

These new anthracite burners are designed for apartment houses and large buildings, needing a capacity of 100 to 400 pounds of anthracite an hour for heating.

"This new equipment should go a long way toward helping give people of New York and other cities in the northeastern seaboard cleaner and healthier air, because building operators may now burn a smokeless fuel-anthracite—automatically and with overall economies in installation, operation and fuel costs," said Ernest E. Finn, founder and director of the Smoke Prevention Clinic of the Anthracite Institute.

The new equipment features automatic control of coal feed and an auxiliary mechanism to remove ashes.

## HUBBY WRONG AGAIN ON TAX

DENVER (AP)—A Polish immigrant called at the Internal Revenue Service office here yesterday for advice on filing her income tax.

An agent labored over the return with the woman, then informed her she owed Uncle Sam \$4.

"But my husband figured it all out last night," the woman pleasantly objected. "and the way he had it, you owe us \$55."

So the agent reworked the form. He still came up with uncle lacking \$4. Without further ado, the woman paid, explaining with a smile:

"That's all right. My husband was wrong last year too."

WASHINGTON (AP)—The Bureau of Mines reported today that underground mines in Pennsylvania pumped an average of 21 net tons of water to the surface for every ton of coal they produced during the eight years, 1944-51.

The bureau said a total of 1,360,234,508,000 gallons of water was pumped in the period. The largest amount in any one year was 197,396,526,000 gallons in 1945.

### "MAW QUITE PAW"

HOUSTON (AP)—The social security office here got a terse bit of family history from an old Bible brought in yesterday to establish an age claim.

The Bible's family record section listed the births of five children, then ended with:

"Maw quite paw—June 1923."

# Ike "Enormously Popular" And "Amazingly Free From Personal Abuse" After Year In Office

By JAMES MARLOW

WASHINGTON — When President Eisenhower hopped out of bed on Tuesday and looked in the mirror, he may have thought, "How did I ever come to let myself in for this?"

He had moved into the White House one year ago. And it had been a tough, grinding year. The face which gazed back at him in the mirror looked a little older. Not much. Just a little.

But if he wondered why he had been willing to carry on his back that mountain called the presidency, it was probably a thought that lasted only an instant.

He was still as jaunty as ever, working harder and longer hours, perhaps, than any he had endured since those days on the eve of the invasion of Normandy, nearly 10 years ago.

He seemed, judging from the quick grin he could produce, to be enjoying his job. He was still amazingly popular. And he was still amazingly free from personal abuse.

He was wiser, no doubt, than he had been that day a year ago when he stood for hours watching the Inaugural Parade. In his first year, he frankly concedes, he was a political novice. He doesn't claim political mastery now.

His handling of Congress this year will illustrate his political development, or lack of it. Last year he was mild and gentle with the lawmakers. Some of his critics said he was more anxious to be liked than to lead.

His friends gave another expla-

## IS PEACE MORE PREFERABLE TO PORRIDGE?

By DOROTHY V. WHIPPLE, M.D.

The Associated Press

Every child does not have to eat hot cereal and bacon and eggs for breakfast.

The human race is divided into the bacon-and-eggs-for-breakfast and the coffee-and-toast-for-breakfast varieties.

This is just as true of children as of grown-ups. Some children are just not hungry the first thing in the morning. If you try to force hot cereal down them you are going to have trouble. If a child eats his other meals well, I would certainly let him off with a glass of fruit juice for breakfast if that's all he wants.

There is so much talk about the

necessity of getting a good breakfast into children that many a youngster goes off to school a nervous wreck after this daily breakfast storm.

I am not denying the value of a good breakfast. Other things being equal, it is of course good physiology to start the day with an adequate supply of fuel under the belt. It is only when other things are NOT equal that skipping the breakfast seems the best thing to do.

### Case Of Mary Lou

Just consider the case of Mary Lou. Mary Lou is 7 years old. She is a slender, jumpy little girl.

Mary Lou dawdles over her dressing. Almost every morning mother rushes into her room at 5 minutes to 8, yanks on the rest of her clothes against protests, combs her hair in a great hurry, often pulling at the snarls, and almost pushes the child to the breakfast table.

Pretty often Mary Lou is crying by the time she gets there. Daddy is already eating. Mother puts a

big bowl of hot cereal in front of

her. She whines she doesn't want it. Daddy looks over his newspaper. "Eat that cereal, Mary Lou," he demands and goes back to his paper.

The child whimpers, stirs the cereal with her spoon, and takes one bite—it's sickening—she can hardly swallow it.

"Hurry up, Mary Lou," chides mother.

Daddy puts his paper down. "Now, young lady, eat," and he puts a spoonful in her mouth. The child gulps and swallows and Daddy spoons in the whole bowlful.

Mary Lou is stuffed and uncomfortable and unhappy.

She is packed off to school. No wonder there are school problems.

### Not A Good Start

Everyone will agree this is not a good start for the day. What is the answer? Something needs to be done so that Mary Lou goes to school happy and in a frame of mind that will make learning possible.

First she needs to get up early enough to have time to dress

slowly, since she is a pokey child.

Chances are, however, she'll need some help. Perhaps she and Daddy could dress together, with a little pleasant conversation and help at strategic places.

If Mary Lou and Daddy came to breakfast together, chattering on the way, the child would be in a pleasanter frame of mind and very likely she would eat a little something, but probably not a great deal.

Let her have what she comfortably wants. If she settles for a glass of fruit juice only, let it go at that. A talk with her teacher might make it possible for Mary Lou to take a sandwich to school to eat at recess time, when she will be hungry.

Food in the morning is good, but peace of mind is even more important. Try to arrange life so that your children have as much of both as possible.

## BIG FOUR TO MEET MONDAY

BERLIN (AP)—Big Four teams of conference experts pushed ahead today with arrangements for the foreign ministers' parley opening Monday.

The American, British, French and Russian committee assigned to work out the preparations announced Tuesday they had agreed on the principal technical questions.

They gave no details but their main problems concerned setting up a secretariat and deciding on security measures, communications and handling of the international press.

The "working parties" of experts called a third meeting late today at U.S. headquarters in hopes of clearing away remaining details.

Both Soviet-run East Berlin and the Allied West sector buzzed with

preparations for the historic gathering, the first since the four foreign ministers met in Paris in 1949.

The Russians indicated that partial telephone communications between the East and West sectors would be restored for the duration of the conference.

### FRENCH RE-TAKE PART

SAIGON, Indochina (AP)—The French announced Tuesday Marine commandos and infantry have retaken the key Mekong River port of Thakhek, evacuated by the French almost a month ago when the Communist-led Vietminh thrust across Laos in central Indochina.

# PENNSY SENDS 34 MEMBERS TO HEALTH SESSION

HARRISBURG (Pa.)—Pennsylvania may be represented by a 34-member delegation at the national governor's conference on mental health at Detroit, Mich., Feb. 8-9.

Gov. John S. Fine announced the list of delegates yesterday but said the appearance of some members may hinge on whether he attends the parley himself.

"I would like to be there but it still is uncertain whether I can make it," the governor said.

The Detroit conference was arranged at last summer's Governors' Conference in Seattle. It will seek methods of coordinating state activities everywhere in the nation along mental health lines.

Fine begins a 2-week flying vacation this weekend. He will go to Florida and California following a meeting of the Governors' Conference executive committee at Atlanta Saturday.

Pennsylvania's chief executive said that if he does attend the Detroit meeting his office staff will accompany him so that he can carry on his own state work while away from Harrisburg.

Logan McKinney To Go

If he does not make it, only Budget Secretary Edward B. Logan and his assistant, John McKinney, among members of his staff, will go.

The 34-member delegation includes 21 members of Pennsylvania's mental health institutions, three General Assembly members, three from the Welfare Department and two representing the general public.

Fine noted that no member of the state Senate had been named and said this "oversight" may be corrected.

Three House members compose the General Assembly contingent. They are Speaker Charles C. Smith (R-Phila.), and Reps. Marian E. Markley (R-Lehigh), and John R. Haudenschild (R-Allegheny).

In addition to Logan and McKinney, governor's office personnel listed as possibilities are Dun-

## Investigate Crash Of Big Airliner

BUFFALO, N.Y. (AP)—American Airlines and the Civil Aeronautics Administration opened investigations today in the crash landing of a Convair twin-engined airliner that caused injury to six persons.

The liner belly-landed in a swampy field five minutes after takeoff from Buffalo airport yesterday, skidded an eighth of a mile and plunged through trees and brush and lost a wing.

None of the 24 aboard was killed or seriously hurt. Five of the injured were hospitalized.

The airline said the left engine failed shortly after takeoff.

Charles Hilborn, the 32-year-old pilot from nearby East Aurora, was praised by the passengers and his employers for his handling of the plane. He was among the injured.

can McCallum, the governor's secretary; Fred P. Hare Jr., administrative assistant; and Robert J. O'Donnell, planning and research consultant.

**Public Delegates**

Representing the general public are Leonard T. Beale, Philadelphia, and David M. Janavitz, Pittsburgh.

Welfare Secretary Alan D. Reynolds, Dep. Secretary E. S. Ervin, and Dr. Hilding A. Bengs, mental health commissioner, will represent the Welfare Department.

Hospital personnel include:

Dr. E. T. Davies, Clarks Summit State Hospital; Dr. Jess V. Conn,

Embreveille State Hospital; Dr. O.

W. Clunger, Danville State Hospi-

tal;

Dr. John P. Shovlin, Farview State Hospital; Dr. Effie C. Ireland, Laurelton State Village; Dr. Arthur P. Noyes, Norristown State Hospital;

## ARRESTED FOR \$4,900 THEFT

POTTSVILLE, Pa. (AP)—A 47-year-old Pottsville man was arrested yesterday by the FBI charged with embezzlement of \$4,900 from the Employees' Federal Credit Union at the Pottsville plant of the Pennsylvania Power and Light Co.

Ray J. Abbaticchio, special agent in charge of the Philadelphia office said the credit union treasurer, Jacob Warren Wentzel, a PP&L employee for 32 years, admitted the embezzlement to arresting officers.

Abbaticchio said the money was taken during 1953 and false schedules of delinquent loans had been

posted by Wentzel to cover the shortage.

The FBI agent said Wentzel resigned from the company on Jan. 13 and notified them at that time of the shortage.

He was remanded to Schuylkill County Prison in default of \$5,000 bail and will be taken before U. S. Commissioner Arthur L. Reese at Tamaqua late today for a hearing on two charges of violating the Federal Reserve Act.

Wentzel's position with the company was described as assistant to the supervisor of division practices at the Pottsville office.

When the Pilgrims first heard the rasp of cicadas, they thought it resembled the sounds made when they said "Pharosh" and it reminded them of the locust plagues of Egypt which they had read about in the Bible.

## \$300,000 BLAZE RAZES CHURCH

CARLISLE, Pa. (AP)—Fire destroyed the 64-year-old Allison Memorial Methodist Church here today at an estimated loss of \$300,000.

Five Carlisle fire companies fought the blaze which gutted the church leaving only the stone walls standing. No one was injured.

Harold Park, chairman of the church building committee, said an effort will be made to conduct regular services next Sunday in nearby Bossier Hall, the Dickinson College chapel.

He said the church was insured but he did not know for what amount.

Fire Chief Ray Kelley, who set

the damage estimate, said the fire probably started in the furnace room of the building.

When the firemen arrived at the scene in response to a general alarm, the blaze already had gained too much headway to be brought under control.

Firemen prevented damage to nearby buildings, including the parish house occupied by the Rev. C. Gail Norris, pastor, and Dr. William W. Edel, president of Dickinson College.

For several hours during the height of the fire the Carlisle Hospital and a number of residences in the area were without normal electric power. A line of the Pennsylvania Power and Light Co. was severed.

A passerby noticed the fire and called the fire company.

**IKE CONFERS WITH BROTHER**

WASHINGTON (AP)—President Eisenhower scheduled a White House conference on Latin American affairs today with his brother, Dr. Milton Eisenhower, and seven high government officials. Dr.

Eisenhower, president of Pennsylvania State University, made a goodwill tour of South American countries last year.

Those invited to the conference are Walter Bedell Smith, under-secretary of state; Asst. Secretaries of State John M. Cabot and Samuel C. Waugh; Treasury Secretary Humphrey; Commerce Secretary Weeks; Asst. Secretary of Commerce Samuel W. Anderson and Gen. Glen E. Edgerton, head of the Export-Import Bank.

The proposed budget is now on file in the office of the County Commissioners, Gettysburg, Pennsylvania, where it is available for public inspection.

# 24 U.S. Marines Drown When POW Troopship Rams, Upsets Their Small Landing Craft

By JIM BECKER

INCHON, Korea (AP)—Twenty-four U. S. Marines drowned today when a troopship loaded with Chinese war prisoners rammed and overturned their small landing craft.

It was the third costliest naval disaster of the Korean theater.

The Navy said 28 men were rescued from the churning waters of Inchon harbor minutes after the collision between a big Formosa-bound LST (landing ship, tank) and an LCM (landing craft, medium).

Wore Combat Gear

The men, brought here from the 3rd Marine Division in Japan as guards for the Chinese, were combat-loaded with heavy boots, packs, helmets, rifles and winter uniforms.

They sank quickly in the icy, choppy waters of Inchon's outer harbor after the big LST rammed their smaller LCM, rolled it on its side, and hurled overboard the 48 Marines aboard and the boat's crew of four.

Rescue boats reaching the scene moments later rescued 24 strung-out Marines and the crew of two American soldiers and two Koreans.

By dusk, only five bodies had been recovered and the search for 19 other missing Marines was called off.

The accident occurred when the LCM crossed the bow of the big LST, loaded with 1,000 Chinese prisoners returned to the U. N. command by Indian custodian troops yesterday. The LST was reported manned by a Japanese crew.

The Marine helmsman of the LCM told Associated Press Correspondent Robert Eunson he was trying to bring his craft alongside the LST so the Marine guard department could board.

## WOULD SUSPEND MR. GODFREY'S PILOT'S LICENSE

NEW YORK (AP)—The Civil Aeronautics Administration (CAA) has recommended suspension of Arthur Godfrey's pilot's license based on a charge of reckless flying.

Another CAA allegation, that the radio-TV star's medical clearance to fly was not in order, was withdrawn provisionally yesterday from the federal bureau and its regional administrators.

Earlier yesterday in Washington, the CAA said Godfrey lacked a valid medical certificate, good for two years in the case of private pilots, and the bureau and its regional administrators.

The bandits entered the main entrance of the hospital and herded 11 employees into a small office while they swept envelopes containing semi-monthly pay checks into a large shopping bag.

A 17-year old part-time employee saved her envelope by hiding it inside her jacket. Accountant Meyer Glassberg scribbled the word "holdup" on a scrap of paper and dropped it out window, but it lay on the sidewalk unnoticed.

## Dulles Leaves For Berlin Parley Today

WASHINGTON (AP)—Secretary of State Dulles leaves for Berlin today to attend a Big Four foreign ministers conference which he concedes may wind up in a sharp East-West propaganda battle.

Dulles was described by associates as nursing only scant hope Russia's Foreign Minister Molotov will make any important concessions when he tackles the long-deadlocked German and Austrian problems with American, British and French foreign policy chiefs.

The meeting is set to open Monday in the American sector of divided Berlin. Arrangements are for a three-week session.

## Ask Gifts To Make Up For Stolen Cash

PHILADELPHIA (AP)—Kensington Hospital officials today publicly appealed for donations to make up for \$5,000 stolen from the institution by three hold-up men yesterday.

The bandits entered the main entrance of the hospital and herded 11 employees into a small office while they swept envelopes containing semi-monthly pay checks into a large shopping bag.

A 17-year old part-time employee saved her envelope by hiding it inside her jacket. Accountant Meyer Glassberg scribbled the word "holdup" on a scrap of paper and dropped it out window, but it lay on the sidewalk unnoticed.

## SEN. DWORSHAK ROCKS THE BOAT FOR HAWAIIANS

By JAMES MARLOW

WASHINGTON (AP)—For a while it seemed President Eisenhower might be able to steer Hawaii into statehood without too much trouble. Then a member of his own party, Sen. Dworshak of Idaho, rocked the boat.

But if the committee sent up one bill combining Hawaii and Alaska, neither might get approval, since some senators want statehood for Alaska and some don't and there'd be a general mixup and maybe stalemate.

This week the committee, which the Republicans have a majority, took up the question.

## Wants Showdown

Before the voting, this was the outlook: only one Republican, Sen. Malone of Nevada, and all the Democrats—except Sen. Long of Louisiana, who had committed himself to Hawaii—favored a combined Hawaii-Alaska bill; and all the other Republicans would go for a single bill on Hawaii.

But the vote when it came—it was 8-7—was for a combined bill. Dworshak had voted with

# 24 U.S. Marines Drown When POW Troopship Rams, Upsets Their Small Landing Craft

By JIM BECKER

INCHON, Korea (AP)—Twenty-four U. S. Marines drowned today when a troopship loaded with Chinese war prisoners rammed and overturned their small landing craft.

It was the third costliest naval disaster of the Korean theater.

The Navy said 28 men were rescued from the churning waters of Inchon harbor minutes after the collision between a big Formosabound LST (landing ship, tank) and an LCM (landing craft, medium).

## Wore Combat Gear

The men, brought here from the 3rd Marine Division in Japan as guards for the Chinese, were combat-loaded with heavy boots, packs, helmets, rifles and winter uniforms.

They sank quickly in the icy, choppy waters of Inchon's outer harbor after the big LST rammed their smaller LCM, rolled it on its side, and hurled overboard the 48 Marines aboard and the boat's crew of four.

Rescue boats reaching the scene moments later rescued 24 struggling Marines and the crew of two American soldiers and two Koreans.

By dusk, only five bodies had been recovered and the search for 19 other missing Marines was called off.

The accident occurred when the LCM crossed the bow of the big LST, loaded with 1,000 Chinese prisoners returned to the U. N. command by Indian custodian troops yesterday. The LST was reported manned by Japanese crew.

The Marine helmsman of the LCM told Associated Press Correspondent Robert Eunson he was trying to bring his craft alongside the LST so the Marine guard detachment could board.

By JAMES MARLOW

WASHINGTON (AP)—For a while it seemed the Senate Interior and Insular Affairs Committee sent up a bill on Hawaii alone, it might get quick action and might even pass the Senate. If then an Alaska bill came up later, or separately, Alaska would probably be pushed aside.

But if the committee sent up one bill combining Hawaii and Alaska, neither might get approval, since some senators want statehood for Alaska and some don't and there'd be a general mixup and maybe stalemate.

In 1948 the Democrats got bold and favored "immediate" statehood for both. In their 1952 platform with Eisenhower heading the ticket, the Republicans came out for "immediate" statehood for Hawaii but, for Alaska, admission, presumably not so speedily, under an enabling act.

Ironically enough, in the 1952 elections Alaska, Democratic for years, elected a Republican Legislature while in Hawaii, traditionally Republican, the Democrats made gains.

As soon as he got into the White

## MOTHER PLEADS FOR PAROLE OF CONVICT SON

HARRISBURG (AP)—A Shamokin mother Tuesday asked the State Pardon Board to commute the prison sentence of her 25-year-old son so that he might return home to provide for his family.

Andrew Walter Garancosky has served almost 4 years of a 6 to 12

year sentence for a series of robberies.

His father, George J. Garancosky,

is serving a 15 to 30 year sentence in Northumberland County prison for similar offenses. He was recently transferred from the Eastern State Penitentiary.

## \$300,000 BLAZE RAZES CHURCH

CARLISLE, Pa. (AP) — Fire destroyed the 64-year-old Allison Memorial Methodist Church here today at an estimated loss of \$300,000.

Five Carlisle fire companies fought the blaze which gutted the church leaving only the stone walls standing. No one was injured.

Harold Park, chairman of the church building committee, said an effort will be made to conduct regular services next Sunday in nearby Bossier Hall, the Dickinson College chapel.

He said the church was insured but he did not know for what amount.

Fire Chief Ray Kelley, who set

the damage estimate, said the fire probably started in the furnace room of the building.

When the firemen arrived at the scene in response to a general alarm, the blaze already had gained too much headway to be brought under control.

Firemen prevented damage to nearby buildings, including the parish house occupied by the Rev. C. Gail Norris, pastor, and Dr. William W. Edel, president of Dickinson College.

For several hours during the height of the fire the Carlisle Hospital and a number of residences in the area were without normal electric power. A line of the Pennsylvania Power and Light Co. was severed.

A passerby noticed the fire and called the fire company.

## 3 PERISH FROM RESIN FUMES

ELIZABETH, N. J. (AP) — Three men perished today after they were overcome by fumes in a giant kettle of a resin treating unit of Reichhold Chemical Co. as two of them sought to rescue a third worker.

Fire department emergency squad members worked for two hours and used several tanks of oxygen in vain attempt to revive the victims.

The dead were listed as: Stanley C. Kus, 34, Kenilworth; Julian C. Rogers, 26, Elizabeth; Joseph Grzybowski, 35, Linden.

Police gave this account:

Kus went into the 5,000-gallon kettle with bucket to cleanse the remainder of a rinse, when he collapsed.

Rogers and Grybowski entered the kettle in an attempt to rescue Kus, but they also collapsed.

Members of a fire department rescue squad arrived and donned masks and removed the men. Emergency measures failed to revive the victims.

Conducting the Senior Choir chorus at the festival will be Paul W. Grove, instructor in music here, and Charles Yost of Biglerville.

Sterling McWilliams and Richard L. Laughlin, both 19 and both of the Southern District of Pennsylvania. There will be rehearsal sessions and two public concerts at Manheim. The concerts will be given on the evenings of February 19 and 20. Paul Van Bodegraven of New York University will be the band director.

**GONG TO COUNTY FESTIVAL**

In the same edition of the school paper announcement is made of the Gettysburg High School pupils chosen to take part in the annual Adams County Music Festival February 17 at Delone Catholic High School in McSherrystown. After rehearsals during the day, there will be a concert for the public in the evening.

Conducting the Senior Choir chorus at the festival will be Paul W. Grove, instructor in music here,

and Charles Yost of Biglerville.

Also appearing at the hearing was Harvey L. Leclerc, 19, Spring Grove R. 2, who pleaded guilty to a charge of receiving stolen goods but did not contest the charge of larceny. He was released under \$500 bail. A 17-year-old boy from Abbottstown R. 1 was placed in the custody of Henry Lenz, York County juvenile officer. The charges were filed by state police of the Gettysburg substation earlier this month and involved theft of used batteries last December from the Sheets Brothers Service Station, Han-

# COALMAN HITS 'UNDER-CUTTING' AS REASON FOR PENSION SLASH

**Joe Adonis Nearer  
Deportation Now**

HACKENSACK, N. J. (AP)—Joe Adonis, former kingpin gambler, was another step closer to deportation today after being found guilty of lying when he told a Bergen County grand jury he was born in Passaic, N. J.

Superior Court Judge Lester Drenk decided on Monday that Adonis, whose real name is Joseph Doto, knew his Passaic birth certificate was fraudulent when he appeared before the grand jury.

The state contended that Adonis was born in Montemorano, Italy. So did the U. S. government in issuing a deportation order against him last summer.

Sentencing on Monday's conviction is set for Feb. 2. He faces a possible maximum sentence of three years in jail and a \$10,000 fine.

and pension funds are derived from 50 cent per ton royalty on anthracite production.

At Forty Fort, near Wilkes-Barre, in the heart of the hard coal mining area, there was a report of opposition to the pension cuts.

Members of Veterans of Foreign Wars Post 8596 voiced opposition to the decrease and voted to seek the backing of Rep. Edward Bonin (R—Pa.) from their district and the Pennsylvania Department of the VFW.

The members, many of whom are World War I veterans and retired miners, declared at a post meeting that the reduction in the pension should have been announced months in advance and should take place gradually in order not to injure the men who are dependent on the pension.

"We are not going to tolerate it," he added.

Lehigh Navigation Coal Co. said paid about \$1,300,000 into the fund last year in line with contractual obligations, and said it is in the "impossible situation" of having to compete with companies which are not paying.

snow storm at the municipal air terminal.

The DC3 plane, flying here from Jackson, Mich., under charter to General Motors Corp., crashed on the bank of the Missouri River

only a short distance from the north end of the airport. It did not burn.

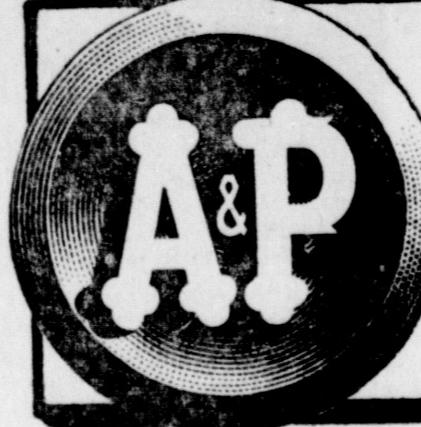

The men were tentatively identified by P. N. Goldstein, air safety investigator for the CAB, as:

William Dale Speaks, 23, Van Nuys, Calif.  
Edward F. Kaselak, 39, Miami, Fla.  
Bryan R. Williams, 31, Lykens, Pa.

Goldstein said he did not know which of the three was the pilot. Mich., and was carrying a load of automotive parts.

All the bodies were found in the crew compartment. The plane crashed sometime between 7:05 and 8 am (CST), but apparently there were no witnesses.

The plane was operated by the Zantop Flying Service of Jackson, to the crash.

# Kidnapped Broker Relates Of His Hours Of Fear Before He Was Liberated By Alert Cops

SAN FRANCISCO (AP)—"I felt I pushed me down, sitting on top of me and said 'Don't get excited.' With those words, Leonard Moskovitz related the weird series of events that ended early Tuesday when police rescued him from two kidnapers and almost three days of threats of torture and death.

When police rescued him "I said a silly thing. 'Are you police or gangsters?' They said 'Don't worry, Lennie. We got those two guys.'"

Moskovitz, 36, a real estate broker, told newsmen his kidnapping actually had its beginning last Wednesday.

His story: "They looked through my papers and found a letter of introduction for my uncle and aunt from Ben Swig, owner of the Fairmont Hotel, nice home in a very good district. I told him of one at Seafinch. He liked it and said he would call back."

"He did. 'Mr. Lund—that's what Harry Jackson called himself—asked me to pick him up at City Hall. He said no was here on business and his wife had his car.'

Trapped By Trickery "I drove to City Hall and he said he wanted me to meet his brother-in-law, who would have to help him out in the house deal. I thought it was curious but I drove out and stopped where he told me on Arbor St. I asked him if it was necessary to go inside the house. He insisted."

"We got out and he made sure that I stayed in front of him. He pushed me into the living room. He grabbed both my arms and In a later note, Moskovitz said

the kidnapers threatened to maim him if the ransom weren't paid.

"The Big Boss" During all this conversation, the younger of the two men, Joseph Lear, kept referring to "the big boss."

Moskovitz said Lear told him the boss was "a terrifying creature who would stop at nothing."

I succeeded in persuading them to let me make a few changes in the note. Then they took me into the bedroom and tied me down, shackling me with rope. They put an adhesive gag over my mouth and little plugs in my ears.

"However they were very considerate of my bathing and eating habits. They even apologized for lack of silverware. All they gave me to eat were beans and cheese and cold cuts except for some fruit which they bought later at my request."

Was Not Mistreated "On this signal, the person would toss the bag with the money off the train."

"They made me write three other letters. The first explained how the ransom should be handed over. They planned that my father or brother should take the 7:45 p.m. Starlight (Southern Pacific) train to Los Angeles and they were to stand on the rear platform of the last sleeping car with the money in a suitcase. At some point there would be a signal—a red light and green light flashing on and off for about 15 seconds."

"At 12:45 a.m. today they took me out of the house to a phone booth and I talked to my brother. Then they took me back and the younger man went out."

"Mi. Lund went into another room and at about that moment I heard a terrific noise. I thought it was gunfire and I thought it was the end for me."

"Then I leaned it was the police. Some of them knew me and I said a silly thing."

"Are you police or gangsters?" "They said 'Don't worry, Lennie. We got those two guys.'"

"It was a wonderful feeling to see them. At several times I felt there was no chance I would ever come through. I felt I was facing death."

## EMMITSBURG'S FIREMEN HAS 57 CALLS IN '53

Emmitsburg firemen answered 57 alarms during 1953, President Herbert Rogers announced today. Eight of the calls involved house fires, 15 chimneys, 17 field or grass fires, four autos, two barns, eight miscellaneous and one was the Fairfield Shoe Co. fire to which they were called with a number of other companies, to assist.

Rogers said the number of calls was an increase over the number in 1952 and that the number in 1952 was an increase over the number of fires in 1951.

The company's pumper was in operation 54 hours during the year, and there was an average of 20 men at each fire. The fire company president said the firemen put in 1,080 man-hours of work in connection with the fires and traveled a total of 289 miles to and from the conflagrations.

The company, with a closed membership of 100, has an average of 45 firemen active in connection with its various affairs. It now has five fire police completely equipped with hats, coats and boots, with luminous strips on the

coats to make them visible when engaged in traffic duties at night. The company also has 29 coats, hats and boots and plans this year to add to the number of complete sets of equipment for the individual firemen.

Rogers also said that the committee for the annual drive through the Emmitsburg area will be named at the February 9 meeting of the parish house. The firemen hope during the financial drive in April to wipeout the \$3,500 remaining on the mortgage.

In THURMONT SHOW

Several Emmitsburg youths are appearing in the Thurmont American Legion Auxiliary minstrel show, "On Stage America" running today and Friday at 8 p.m. The group is participating both in the minstrel and amateur portions for the benefit of the March of Dimes.

### Women's Missionary Group Hears Records

The Women's Missionary Society of the Elias Lutheran Church discusses "Customs in Other Lands," at a Tuesday evening meeting in the parish house. Mrs. George Eyster presided over a group of 22 attending members.

The society heard records cut by the Youth and Chapel Choirs of Elias Lutheran Church during the past Christmas season. Plans have been made to put the disc on immediate sale.

A refreshment committee included: Mrs. Chester Chapman and Mrs. Philip Bower.

### PRESBYTERIANS TO MEET

A congregational meeting of the Emmitsburg Presbyterian Church will be held Sunday after regular

## DIAL PHONES GO INTO USE ON WEDNESDAY

Next Wednesday is "D-Day" for the Emmitsburg area.

That "D" stands for Dial, for on Wednesday Emmitsburg will convert entirely to the dial phone system.

At the present time the borough and its environs have practically a dual telephone system. In most homes the dial phones have been installed. The old "voice" phone—differentiate from dial—is still present and people are using both the dial and the vocal system of securing numbers.

The interim arrangement is causing some confusion.

Some people are seeking numbers by dialing, some still lift the receiver on the old phone and give their number to the operator.

That leads the recipient of the call into a predicament.

Was it the dial phone that rang?

Or was it the old phone? The problem, however, will be solved by next Wednesday. By then all of the old home will have been removed, and only the dial will remain.

## 3rd Minstrel Show On February 18, 1954

"Burt Cork and Melody," the third annual minstrel show sponsored by the Emmitsburg Memorial Hall Association for the benefit of the Memorial Hall Fund, will run February 18 and 19 in the Emmitsburg High School starting at 8 p.m.

Theme of the production will be based on the southland with the entire cast appearing in blackface. The show, directed by Mrs. Helen Daugherty, consists of a chorus of 35, six endmen, and an interlocutor.

Music roles will be taken by Richard Frock, Gus Adelsberger and a mixed quartet to a background of popular music, Negro spirituals and traditional southern dances.

Carroll Frock Jr. will be featured as interlocutor. Endmen spots will be carried by Bee Rodgers, Mrs. Rosensteel, Carlos Englar, Bill Baker, Harry Troxell and other not yet announced.

## Emmitsburg

EMMITSBURG — Rev. Father Stanley Scarf, pastor of St. Anthony's Shrine, who has been a patient at St. Agnes Hospital for several weeks, is reported convalescing satisfactorily.

Coach Bill Clarke, of Mt. St. Mary's College, is attending a basketball conference on Long Island, N. Y.

Mr. and Mrs. Louis H. Callahan and sons, Eugene and Louis Jr., Northwood, Baltimore, spent several days recently with Mrs. Louise Warthen, near St. Anthony.

## EMMITSBURG'S FIREMEN HAS 57 CALLS IN '53

Rogers said the number of calls was an increase over the number in 1952 and that the number in 1952 was an increase over the number of fires in 1951.

The company's pumper was in operation 54 hours during the year, and there was an average of 20 calls at each fire. The fire company president said the firemen put in 1,080 man-hours of work in connection with the fires and traveled a total of 289 miles to and from the conflagrations.

Eight of the calls involved house fires, 15 chimneys, 17 field or grass fires, four autos, four barns, eight miscellaneous and one was the Fairchild Shoe Co. fire with its various affairs. It now to which they were called with a has five fire police completely equipped with hats, coats and number of other companies, to assist boots, with luminous strips on the

coats to make them visible when engaged in traffic duties at night. The company also has 29 coats, hats and boots and plans this year to add to the number of complete sets of equipment for the individual firemen.

Rogers also said that the committee for the annual drive through the Emmitsburg area will be named at the February 9 meeting of the company. The firemen put in 1,080 man-hours of work in connection with the fires and traveled a total of 289 miles to and from the conflagrations.

The company, with a closed membership of 100, has an average of 45 firemen active in connection with its various affairs. It now

## DIAL PHONES GO INTO USE ON WEDNESDAY

Next Wednesday is "D-Day" for the Emmitsburg area.

That "D" stands for Dial, for on Wednesday Emmitsburg will convert entirely to the dial phone system.

At the present time the borough and its environs have practically a dual telephone system. In most homes the dial phones have been installed. The old "voice" phone to differentiate from dial—is still present and people are using both the dial and the vocal system of securing numbers.

The interim arrangement is causing some confusion.

Some people are seeking numbers by dialing, some still lift the receiver on the old phone and give their number to the operator.

That leads the recipient of the call into a predicament.

Was it the dial phone that rang? Or was it the old phone?

The problem, however, will be solved by next Wednesday. By then all of the old home will have been removed, and only the dial will remain.

DILLSBURG — An adjudication has been handed down by York County court in the estate of William H. Knaub, late of Franklin Twp.

Eldon, 11-year-old son of Mr. and Mrs. E. Luther Baum, near Bermudian, is suffering from a foot fracture resulting from being struck by lumber while visiting a sawmill with his father, Mr. Baum, Earl King, near East Berlin, and Elmer Myers, Shiloh, who has returned after several days in Potter County where they assisted with enlarging the Earl King hunting cabin.

### Town Board Meets

The Littlestown Borough board held its January session following the Joint School Committee meeting. President Carl H. Baumgardner presided. Bills order paid were \$7,046.25 to the Littlestown Joint School System. The annual salaries were also paid to the board secretary and treasurer. Word had been received from the Pennsylvania Department of Public Instruction that \$271.03 had been deducted as payment for Gwendolyn Snell attending the Pennsylvania School for the Deaf. This amount represents one-fourth the cost from December 1, 1953, to June 1, 1954. It was announced that notification had been received from the Adams County commissioners, that the assessed

valuation of property in Littlestown is \$992,502. A lengthy discussion followed by the board members concerning the acquisition of Memorial Field but no definite plans were made regarding the matter.

Those present at the meeting were President Baumgardner, Lloyd E. Crouse, Wilbur E. Mackley, Henry E. Waltman and Luther W. Ratter, secretary. The next board session will be held on February 9.

up against the bill. Sen. Edward Martin voted against it, and Sen. James H. Duff was paired against it. New Jersey's Sen. H. Alexander Smith voted for the bill and Sen. Robert C. Henderson did not vote but was announced as favoring the measure. All are Republicans.

Sen. Martin said the seaway would adversely affect Pennsylvania's railroad and coal industries, port of Philadelphia area dock workers and thousands of others whose livelihood is dependent on the area's industrial welfare.

Besides, Martin contended, the seaway would freeze up in winter time, rendering it unnavigable during five months of the year.

"To me," said Martin, "it seems of vital importance to our national defense and our economic progress to protect and strengthen our existing ports, and to expand the usefulness of our harbors, our port facilities, our rail, water and highway transportation systems."

The right to reject any and all bids is reserved.

# Ike's Budget Slashes Five Billions; Asks Defense Boost

(Continued from Page 1)  
showed income about one billion dollars less than former President Truman estimated in his budget message to Congress a year ago. Spending was estimated about 73¢ billions less than Truman forecast, the new deficit figure was over 6¢ billions less than Truman's, and the debt predicted for next June 30 was four billion dollars under Truman's figure.

Eisenhower whacked appropriations requests as well as spending estimates, and commented that asking for less authority to spend was the highroad to reduced spending.

He requested new appropriations of \$64 billion dollars for the new fiscal year. That was about 4½ billions less than new money requests in his revised fiscal 1954 budget, 15½ billions less than Truman asked for fiscal 1954, 24 billions less than in fiscal 1953, and 35 billions less than the Korean War appropriations peak of 91½

billion dollars in fiscal 1952.

Here are the highlights of Eisenhower's budget estimates for fiscal 1955, compared with his new fiscal 1954 estimates and with the totals for fiscal 1953:

1955 spending	\$ 65,570,000,000
1954 " "	70,902,000,000
1953 " "	73,982,000,000
1955 revenue	\$ 62,642,000,000
1954 " "	67,628,000,000
1953 " "	64,593,000,000
1955 deficit	\$ 2,924,000,000
1954 " "	3,274,000,000
1953 " "	9,380,000,000
1955 approp's	\$ 56,283,000,000
1954 " "	60,713,000,000
1953 " "	80,236,000,000
1955 nat'l debt	\$ 273,000,000,000
1954 " "	269,750,000,000
1953 " "	266,071,000,000
1955 cash bal.	\$ 4,950,000,000
1954 " "	4,950,000,000
1953 " "	4,670,000,000

The new budget, Eisenhower said, "marks the beginning of a movement to shift to state and local governments and to private enterprise federal activities which can be more appropriately and more efficiently carried on in that way."

He said the budget is based on assumptions that business conditions in general, personal income and corporation profits would continue "at substantially the present high levels."

Previous-year figures for receipts and expenditures were each about 650 million dollars lower than figures heretofore used, due to a bookkeeping change. Receipts and expenditures for the railroad

retirement trust were eliminated from the receipt and expenditure totals. Since they are trust collections and expenditures, Eisenhower said, they should be kept apart from the government's own income and spending. This is the practice with social security money.

Here are the highlights of Eisenhower's tax program:

1. The big surprise was a proposal to give taxpayers an extra month to file their returns—up to April 15. A Treasury source said there was no thought of making this effective this spring.

2. Present law allows deductions for medical costs above 5 per cent of income, and up to \$1,250 for a single person or \$5,000 for a family. Eisenhower proposed to lower the point at which deductions begin to 3 per cent of income and double the dollar limits.

3. Present law disqualifies a child as a dependent if he earns more than \$600. Eisenhower proposed that this limit be abolished for children up to 18 years of age, or older if away at school, so long as the taxpayer still furnishes more than half their support.

#### New Deductions

4. Eisenhower proposed that widows or widowers who work away from home be allowed a new deduction for "actual costs of providing care for small children." Working mothers whose husbands are disabled would also get the deduction. Eisenhower mentioned no dollar amounts.

5. Eisenhower proposed that individuals receiving dividends be allowed to reduce their taxes this year by 5 per cent of their dividend income, 10 per cent next year and 15 per cent the third year. Also, this year the first \$50 of income from dividends would be excused from taxation, and in years after that, the first \$100. The House Ways and Means Committee has already approved this.

6. The President proposed that farmers be allowed to deduct up to 25 per cent of their gross income for soil conservation expenses.

7. Corporation tax payments, under a speedup plan, by next year will be paid entirely in the first six months of the year. Eisenhower proposed they be gradually worked back again to four equal installments in the four quarters of the year.

8. The corporate income tax rate of 52 per cent, scheduled to drop to 47 per cent in April, should be continued for a year, Eisenhower said. And excise (sales) tax rates scheduled to drop in April should be continued. This includes taxes on cigarettes, whisky, wine, beer, sports goods, automobiles and gasoline. Eisenhower has made the same request twice previously.

9. Eisenhower also proposed to liberalize business depreciation allowances and deductions for research; let small corporations be taxed as partnerships, or some partnerships be taxed as corporations if that is more advantageous to them; simplify and define tax laws on corporate reorganizations and taxation of partnerships; and let businessmen offset losses against taxes paid on profits two years back instead of one.

10. In addition, the President called for a general rewriting and simplification of the vast, complex federal tax code. The House Ways and Means Committee is at work on that task.

Mrs. Robert Fortenbaugh, president of the AAUW, announced that the next meeting of the group will be held March 4 at Brum Hall on the college campus. Reports were presented at Wednesday's meeting by the various committees of the group. Mrs. Donald McPherson introduced the speaker. A social hour followed the meeting.

## CHRISTIANITY

(Continued from Page 1)

of faith in God brings about contempt for humanity, cynicism and general suppression of freedom. Christianity, belief in the fatherhood of God and the brotherhood of man brings about the opposite, a respect for each other, and freedom based on that respect for each man as a creature of God."

10. In addition, the President called for a general rewriting and simplification of the vast, complex federal tax code. The House Ways and Means Committee is at work on that task.

Mrs. Robert Fortenbaugh, president of the AAUW, announced that the next meeting of the group will be held March 4 at Brum Hall on the college campus. Reports were presented at Wednesday's meeting by the various committees of the group. Mrs. Donald McPherson introduced the speaker. A social hour followed the meeting.
